

2025 DEMONSTRATION REGISTRATION FORM

Planters and Drones will be the featured equipment for 2025. The demonstration schedule will include:

- Drones each morning and afternoon, both days of the show. Times to be determined.
- Planters each afternoon, both days of the show. Time to be determined.

Each company demonstrating will be given 5 minutes to speak about its equipment before the demonstration.

Additionally, we'll feature your equipment write-up in the 2025 AgroExpo show guide. The guide is inserted into the July 15th issue of Michigan Farm News. Before publishing, we'll reach out to finalize the article details.

The cost to demonstrate is \$225.00 per piece of equipment. Please include this form with your show registration paperwork.

Please complete the registration form and submit it along with payment. Space is limited, so sign up early to secure your spot. The deadline to register is June 1, 2025.
